WELCOME IN OSENBACH

Osenbach is optimally situated with its sunniness and its geological richness. The preserved flora is due to the ground's diversity. The panorama over the summits is superb. The name Osenbach comes from the little stream which gushes out in the village. A noble family was named after the place and had a coat of arms with a head of a steer. From 1498 to 1850, mines of silver and copper were worked in Osenbach.
