DEPARTURE: Lapoutroie town hall

MARKINGS:

DESCRIPTION

- 1 From the town hall of Lapoutroie, go down slightly and take the rue du Dr Macker. Go along the nursery school and cross the bridge. Go up the street "chemin de la forêt" following the yellow ring.
- 2 Continue to climb following the yellow ring. Be careful not to follow the ring of another colour. When you reach a wider path, turn left towards the antenna. At the next intersection follow the yellow ring/red circle to the antenna.
- 3 A few meters after the antenna, turn right following the yellow ring. Further on, when the path leaves the field, turn left to the Col de Chamont.
- 4 At the pass, follow the road that goes down to the left towards "RIBEAUGOUTTE" marked out in red/white/red. Follow this road until you reach the intersection with the road to the Col du Bonhomme.
- 5 With great care, follow the D415 for a few metres downhill. At the fork to enter the village, cross carefully in two stages using the central reservation. Join the centre of Lapoutroie by going down the rue du Gén Dufieux.
