The tour starts in front of the Auberge du Gazon du Faing. Follow the green circle all the way. Go to the summit which offers a magnificent 360 degree view. On one side, you can see the valley of Munster, the lake of trout and the different summits of the Vosges massif. On the other side, you will see the hautes-chaumes, a typical high altitude landscape composed essentially of a natural moor of callune and wild blueberries that you will cross on your way back. If you were just passing through, you will certainly return to the paths!
