FROM SOMMERBERG TO WINECK CASTLE

This walk is the perfect balance between a walk through the vineyards and a walk in the heart of the forest. Accessible to all, this family walk allows you to admire the landscapes of the vineyards and the richness of Alsace's heritage.

DEPARTURE: Katzenthal town hall

MARKINGS:    

DESCRIPTION

- From the town hall, go up the main street. Take the street to the left of the fountain. At the corner of the Klur vineyard, turn left onto a path that climbs upwards and is marked with a yellow triangle.
- At the next intersection, follow the yellow circle that goes up through the vineyards. On the last stretch, before you reach the Sommerberg cross, there is no signposting. Follow the path to the right.
- Follow the ridge, always following the yellow circle in the direction of KATZENTHAL-TROIS-EPIS-GALTZ. Enjoy the view of Niedermorschwihr and its twisted bell tower.
- You then enter a small forest. Follow the blue triangle direction "Trois-Epis-Galtz". At the next intersection, leave the blue triangle for the red circle direction "KATZENTHAL par châ. WINECK - AMMERSCHWIHR".

- Leaving the forest, discover the Wineck castle which rises above the village. The path ends at the castle and gives way to a tarmac road that leads back down to the village.
