# THE TOUR OF THE 3 LAKES

This tour is both a classic and a must. In the heart of a protected nature, discover not one, not two, but three of the most beautiful lakes of the massif. And for a complete exploration, do the same hike in spring, summer and autumn to capture all the beauty.

**DEPARTURE:** col du Calvaire parking

**MARKINGS:**

## DESCRIPTION

1 From the Col du Calvaire car park, cross the road carefully to join the small path that enters the forest 50m below. Go up on the ridge and follow it (red ring) until the source of the lake. Take the path on the right to return to the GR5 and continue straight on to the top of the Gazon du Faing.

2 Continue to the left following the red triangle. A little further down at the intersection, turn right and go down to the Lac des Truites.

3 Go around the lake and cross the dam. Continue on the path that enters the forest (red circle) towards the Lac Noir. After a few kilometres, do not miss the path on your right that goes down to the lake (blue circle).

4 From the car park, walk along the left-hand side of the road for about ten metres to find the Cornelius path which leads you to the Lac Blanc.

5 At the car park, walk along the dam and take the path under the railings along the road (yellow rect.). Go on until you reach the other end of the lake, ignoring the first path on your right (it leads to the Blancrupt inn). Continue and go up towards the station to reach the starting intersection.
