At the bottom of the parking lot, take the left path downhill which will lead you to the Lac Vert.

You will continue on an ascent of about 1 km in the forest, which will lead you to the chalet Erichson of the Club Vosgien.

Take the clear descent and enjoy the view of the valley on your left and the Tanet rocks on your right, passing by the Gaertlesrain farm.

Pass by the Lac Vert again and follow the dam before returning to your starting point.

*The team's advice :*

If the frozen lake in winter represents a pretty spectacle, do not adventure there, the ice layer is often thin.
